## WSP YEAR IN INDUSTRY PLACEMENT OPPORTUNITIES 2019

WSP is one of the world's leading engineering professional services consulting firms. We provide services to transform the built environment and restore the natural environment. Our expertise ranges from environmental remediation to urban planning, from engineering iconic buildings to designing sustainable transport networks, and from developing the energy sources of the future to enabling new ways of extracting essential resources. We have approximately 43,600 employees, including engineers, technicians, scientists, architects, planners, surveyors, program and construction management professionals and various environmental experts. We are based in more than 500 offices across 40 countries worldwide.

### What we can offer you?

WSP are seeking an Industrial Placement student (12 months, commencing September 2019) to join a busy and successful water team in Belfast. The successful candidate will become part of a respected and ambitious company with excellent career prospects; many of our staff are former placement students who returned to develop their careers with WSP and have now achieved professional qualification.

The team are working on local projects with NIW / Irish Water as well as with UK and International Clients, undertaking strategic, innovative and challenging projects with a focus on delivering improved customer service across the water industry.

### What we are looking for?

- Ideally you will be studying Civil Engineering, Environmental Science or related courses (BEng or Masters) and will have grades that reflect that of a 2:1 or 1<sup>st</sup>
- You must demonstrate outstanding verbal and written skills, a desire to learn and have a flexible attitude
- You must demonstrate the ability to solve problems, build constructive relationships, and a desire to keep learning and improving
- You must have or be able to arrange suitable accommodation near our Belfast office, as we will not provide travel expenses or relocation allowance for your placement. You will however be paid a competitive salary for your time at WSP.

On completion of your summer placement, if successful, you may be eligible to enrol onto the WSP scholarship scheme.
